RESOLUTION No. 26-SLDC-1080 AUTHORIZING EXECUTION OF AN AMENDMENT TO PROFESSIONAL SERVICES CONTRACT WITH INTERBORO PARTNERS LLC FOR PLANNING AND DESIGN SERVICES RELATED TO THE PROJECT CONNECT OUR PLAN NEIGHBORHOOD PLANNING INITIATIVE [STEPHANIE GRISE]

Ms. Stephanie Grise presented the resolution. Director Spencer asked about the consequences of the extended timeline, and Ms. Grise explained that they have taken into account grant eligibility, which has been largely unaffected because the neighborhoods remain eligible for neighborhood planning and implementation grants while planning is actively underway during the extended timeline. She also

emphasized the importance of incorporating extensive community feedback from the six participating neighborhoods. Director Koenig inquired about the increase in funding, and Ms. Grise clarified that the additional \$30,000 covers work performed over the past several months, including continued public engagement, plan revisions, and consultant support. Chair Millberg thanked staff for their work and noted positive community feedback on the City's collaborative approach to neighborhood planning. Director Young joined the meeting at this time.

Chair Millburg then called for a motion to approve Resolution No. 26-SLDC-1080. Director Arnold made the motion, and Director Spencer seconded. Mr. Meyer confirmed that the agreements cover legal, fiscal, and general administrative support provided by SLDC staff to the affiliated entities. He further explained that while the agreements primarily address fiscal management responsibilities, they also formalize the broader operational and administrative support that SLDC provides to each board and commission.

Chair Millburg then called for a motion to approve Resolution No. 26-SLDC-1081. Director Arnold made the motion, and Director Spencer seconded. Roll was called, and the motion passed with nine (9) directors voting Aye [Director Arnold, Ald. Clark-Hubbard, Director Gilbert, Director Koenig, Director McBride, Ald. Mr. Hahn explained that SLDC currently employs 83 staff members, with 4 vacancies; outlined plans for transitioning ARPA-funded positions as the program concludes; and reviewed revenue contributions from CDA, affiliated agencies, New Markets Tax Credits, and other administrative funding sources.

With there being no further questions, Chair Millburg then called for a motion to approve Resolution No. 26-SLDC-1082. Director Arnold made the motion, and Director Gilbert seconded. Roll was called, and the motion passed with nine (9) directors voting Aye [Director Arnold, Ald. Clark-Hubbard, Director Gilbert, Director Koenig, Director McBride, Ald. Sonnier, Director Spencer, Director Young, and Chair Millburg].

RESOLUTION No. 26-SLDC-1083 AUTHORIZING EXECUTION OF AN AGREEMENT WITH HEADCOUNT, INC. FOR LABOR COMPLIANCE SERVICES [STEPHANIE GRISE]

Ms. Stephanie Grise presented the resolution. Alderwoman Clark-Hubbard asked how the proposed temporary clerk position would address concerns regarding compliance review timelines, and Ms. Grise explained that the clerk provided by Headcount would assist with payroll and prevailing wage reviews to improve processing times and reduce backlogs. Director Koenig inquired about long-term staffing plans after the clerk's four-month term ends, and Ms. Grise indicated that future needs would be evaluated at that time. Alderwoman Sonnier asked for an update on the backlog status and the expected outcome regarding the clerk position. Ms. Grise stated that the additional support would help bring information up to date, improve responsiveness, and strengthen relationships with industry partners. Alderwoman

Sonnier requested measurable performance data and backlog metrics to help demonstrate progress and rebuild stakeholder confidence in the program. Ms. Grise agreed to provide additional reporting and program updates at a future meeting.

Chair Millburg then called for a motion to approve Resolution No. 26-SLDC-1083. Director Arnold made the motion, and Director Gilbert seconded. **RE: APPROVING 2026 FUNDING AWARDS FOR ST. LOUIS MAIN STREETS PROGRAM
AND AUTHORIZING THE DEVELOPMENT, NEGOTIATION, AND EXECUTION OF GRANT
AGREEMENTS BETWEEN SLDC AND EACH FUNDED MAIN STREET DISTRICT**

EXECUTIVE SUMMARY:

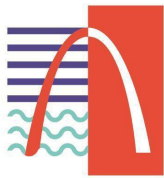

This Resolution authorizes St. Louis Development Corporation (“SLDC”) to award \$300,000 to three St. Louis Main Street programs to fund operational, administrative, and programmatic needs to advance small business capacity building, to enhance the physical and visual assets of the district, and to foster equitable entrepreneurship development and business recruitment within the district’s boundaries and adjacent neighborhoods that impact the success in the district.

BACKGROUND:

Under one of its many economic development efforts, SLDC supports Missouri’s accredited Main Street Connection program, a comprehensive downtown revitalization program launched in 1977 by the National Trust for Historic Preservation. Through the Main Street Approach™, Missouri Main Street Connection integrates four points - Organization, Economic Vitality, Design, and Promotion - into a practical downtown management strategy intended to produce fundamental changes in a community’s economic base while preserving its historic commercial buildings and the community’s unique heritage.

In 2019, the Missouri Main Street Connection established the St. Louis Main Streets program, which combined the Main Street Approach™ and the UrbanMain™ program to guide comprehensive revitalization efforts in three designated pilot areas in the city. The pilot received additional funding in 2021, to support operations through 2023.

In 2023, Missouri Main Street Connection identified several challenges with advancing its four-point strategy, including managing issues of crime, safety, cleanliness, parking, traffic, and homelessness that may deter customers and investors; engaging and representing the diverse and often marginalized stakeholders of the district, such as residents, business owners, property

owners, workers, and visitors; and securing adequate funding, resources, and support from public and private sectors for the revitalization efforts.

Missouri Main Street Connection also identified an opportunity for stronger public-private partnership with each Main Street district to accomplish their specific goals and priorities for the short and long-term.

Given SLDC's ongoing commitment to the Missouri Main Street Connection and the St. Louis Main Streets program, the organization launched a Main Street funding pilot in 2024 to support the three designated Main Street districts in St. Louis: Delmar Main Street, Dutchtown Main Streets, and Laclede's Landing Main Street. The pilot program focused on each district's operational, administrative, and programmatic needs, with special emphasis put on the development and implementation of a "broken windows" program for district stakeholders.

In 2026, we renewed the program for operational, administrative, and programmatic uses, emphasizing a desire to support programs that advanced small business capacity building, enhanced the physical and visual assets of the district, and fostered equitable entrepreneurship development and business recruitment within the district's boundaries and adjacent neighborhoods that impact the success in the district.

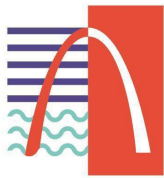

After receiving board approval, SLDC published the 2026 Notice of Funding Availability on around April 15, 2026, with submission due by May 18, 2026. SLDC convened a selection committee on June 9, 2026 and the funding recommendations approved by the selection committee are attached as **Attachment A**. If this resolution is approved, we would expect to negotiate new grant agreements with each of the districts, release funds in the third calendar quarter of 2026, and track program progress and distributions through December 31, 2027.

Comparison of Actual vs. Invoiced to Date

Since the beginning of our contract, CGPR has been providing services at the Comprehensive level, as the chart below shows.
