1. Q: Is there a link for the recording of the public workshop on May 1st for the 2025 Home ARP funding for supportive services?

A: The workshop video can be viewed at:

<https://www.stlouis-mo.gov/government/departments/community-development/residential-development/index.cfm>

2. Q: I do not see the Reimbursement Analysis Worksheet posted.

A: You can locate all NOFA documents at the link below:

<https://www.stlouis-mo.gov/government/departments/community-development/documents/2026-home-arp.cfm>

3. Q: I've created an account with the CDA grants portal, but as soon as I logged out and attempted to log back in, it is rejecting my password (which I just set...). Do you have any recommendations about how to fix this issue?

2026 HOME-ARP Supportive Services NOA

Questions and Answers

A: Please be sure to append “.cda” to your email/username. Email/username without “.cda” will be rejected.

4. Q: I'm writing to request clarification for Section VIII - HOME_ARP Special Terms and Conditions - Regarding requirement #2 for HOME-ARP supportive services, which states:

“Program/activity waiting list must be used as the HOME-ARP referral method. Eligible qualifying populations will be placed on the waiting list in chronological order of application.”

Specifically, we would like to better understand how this requirement should be applied in practice. Does this mean that supportive services must be made available to any eligible qualifying person who is placed on the waiting list, regardless of whether they are already connected to or being served by our organization?

A: HOME-ARP funding requires the use of a waiting list as the eligible referral method. As such, any qualifying person should be placed on the waiting list. Eligibility includes no duplication of benefits. Each agency is responsible for administering an intake process that determines eligibility, subject to review and audit by CDA or other entities.

5. Q: Our organization was established in July 2025 and is currently preparing an application. Because we are in our first year of operations, we do not yet have a recently completed independent audit or a Negotiated Indirect Cost Rate Agreement (NICRA). Please confirm that these substitutes are acceptable for the evaluation process through the Salesforce portal.

A: Audit documentation and NICRA are required on an as-applicable basis. However, any audit documents provided can help your application.

6. Q: Are applications for only Financial Assistance Costs still eligible?

2026 HOME-ARP Supportive Services NOA

Questions and Answers

A: Applications for any eligible cost(s) and activity(ies) that serve a Qualifying Population may apply.

7. Q: The application includes a required question asking applicants to select all applicable items from the "Eligible Costs Associated with Housing Counseling under 24 CFR 5.100 and 5.111" list. For organizations that are not HUD-certified housing counseling agencies and intend to deliver services exclusively under the McKinney-Vento Supportive Services and Homelessness Prevention Services categories, how should this required question be handled? There does not appear to be an N/A option, and selecting items from the housing counseling list without the underlying HUD certification could misrepresent our program design.

A: Eligible HOME-ARP supportive services are adapted from the services listed in section 401 (29) of McKinney-Vento. You must select at least one eligible HOME-ARP service from the list provided in the application.

8. Q: The application asks two sequential questions: (1) Is the applicant entity a non-profit? and (2) Has a non-profit determination been made by the Internal Revenue Service? For organizations that answer Yes to the first question, the second question appears redundant. Should applicants in this situation answer Yes to both questions, or is one of them intended for a different scenario?

A: If "yes" is the appropriate answer for your agency to both questions, please answer "yes" to both.

9. Q: We do not see a place in the application to upload the COI form. Is that document only required at the time of award, or should it be submitted with the application? If it is required with the application, could you clarify where it should be attached?

A: Please upload the Conflict of Interest form to any of the upload portals under Organization Narratives. Multiple documents can be uploaded to each portal.

2026 HOME-ARP Supportive Services NOA

Questions and Answers

10. Q: I need to delete an erroneously uploaded document to a completed section of my 2026 CDA HOME-ARPA Supportive Services grant. Since I marked the section as completed, the delete button no longer appears. How can I remove the document from my application?

A: Salesforce does not allow deletion of documents once they have been uploaded. You can upload multiple documents to any upload portal. Please indicate in the file name which is the "final". If no indication is made clear, CDA will default to the most recently uploaded document.

11. Q: While completing the personnel schedules for our HOME-ARP application, I incorrectly assumed a separate schedule was required for each fiscal year. I uploaded a 2025 volunteer schedule and began creating a 2026 schedule before realizing the error.

The portal currently does not allow me to delete these unintended entries. Could you please advise on how to remove them, or assist in clearing them from our application?

A: Salesforce does not allow deletion of documents once they have been uploaded. You can upload multiple documents to any upload portal. Please indicate in the file name which is the "final". If no indication is made clear, CDA will default to the most recently uploaded document.
