44 **SECTION FOUR: Shift differential compensation—Maximum salary—Increases.**

45	GRADE	MINIMUM	MAXIMUM
46	12	1,686	2,453
47	13	1,865	2,712
48	14	2,145	3,118

51	17	3,263	4,733
52	18	3,752	5,436

53 A. A shift differential compensation for certain work assignments may be paid. The appointing
54 authority shall determine the work assignments or activities performed for which shift
55 differential compensation shall be paid.

56 Before shift differential compensation may be made, an employee must have completed five (5)
57 hours of regular employment before 7:00 a.m. or five (5) hours after 3:00 p.m. in the twenty-
58 four-hour period which begins at the employee's normal reporting time.

59 An employee shall be paid 1.00% of the employee's regular base bi-weekly rate for each
60 eligible shift worked in a bi-weekly pay period. An employee shall work a complete eligible shift
61 to receive shift differential compensation. Shift differential shall not be paid to employees who
62 work part-time, or to full-time regular employees docked for any portion of a shift. Shift
63 differential shall only be paid for whole hours worked, providing the portion of the shift not
64 worked is charged to paid leave. A fraction of an hour shall not be counted toward the payment
65 of the differential. An employee shall not receive shift differential compensation for any
66 overtime worked that is not part of their regular schedule.

67 B. Employees who work on a Saturday and/or Sunday shall be paid a weekend differential. This
68 differential shall be 1.00% of an employee's base bi-weekly rate and shall not be paid for any
69 overtime worked that is not part of an employee's regular schedule. Weekend differential shall
70 only be paid for whole hours worked, providing the portion of the day not worked is charged to
71 paid leave. A fraction of an hour shall not be counted toward the payment of the differential.
72 Weekend differential shall not be paid to employees compensated on an hourly or per-
73 performance basis, or to bi-weekly paid employees who work part-time, or to full-time regular
74 employees docked for any portion of a day.

75 C. The appointing authority may approve the payment of hiring incentives to recruit qualified
76 personnel for positions that are difficult to fill. Hiring incentives shall be in any amount up to
77 twenty-five percent (25%) of the annual salary of the position for which the incentive is to be
78 paid.

D. An employee who is appointed to a position requiring advanced technical skills or professional qualifications may be paid at a rate up to ten percent (10%) higher than prescribed for the class. Such advancement shall be made solely on the basis that the employee possesses exceptional academic qualifications related to the duties of the position. The appointing authority may also establish other bonus, incentive, or reimbursement programs to encourage current employees to attain registration, licensure, certification, or proof of professional mastery when it is deemed to be in the best interest of the service, or when such credentials are clearly recognized as adding to the capability of individuals in that area. Incentives, bonuses, or reimbursements conveyed under such programs shall not result in an employee being ruled ineligible for bonuses or salary increases permitted under other sections of this chapter.

E. The appointing authority may establish a location allowance for positions which are difficult to fill at specific duty stations. This allowance shall be in an amount up to ten percent (10%) of the median of the pay range of the position for which the allowance is to be paid. The location allowance shall be considered an addition to pay and shall not change the employee's base rate.

F. No employee shall be paid at a rate lower than the minimum or higher than the maximum of the salary range established for the class to which his or her position has been allocated, except as otherwise provided in this chapter.

G. When a new employee is approved under Section 57.530, Revised Statutes of Missouri, 1978, the annual rate of compensation shall be twenty-six (26) times the first or lowest step within each rank or position.

99 H. Deputies and assistants in the Sheriff's Office may receive an hourly, daily, or other rate for
100 special services assigned by the Sheriff, when such special services are for additional work over
101 and above the regularly assigned working hours and payment of such special service is being
102 taxed as costs in the particular case or circumstance and deposit of such cost is made in advance
103 of such special services.

104 **SECTION FIVE: Starting Salary.**

105 The minimum rate of pay for a position shall be paid upon original appointment to the class,
106 unless the appointing authority finds that it is impossible to recruit employees with adequate
107 qualifications at the minimum rate.

108 If an advanced starting salary is necessary, the appointing authority may establish a recruitment
109 rate for a single position or all positions in a class and authorize employment at a figure above
110 the minimum but within the regular range of salary established for the class.

111 **SECTION SIX: Promotion, demotion, reallocation and transfer.**

112 An employee who is transferred, promoted, demoted, or whose position is reallocated after the
113 effective date of this chapter, shall have his or her rate of pay for the new position determined as
114 follows:

115 A. Promotion. This shall be defined as a change of an employee from a position of one class to a
116 position of another class with higher pay grade.

117 1. When an employee is promoted to a position in the General Schedule, the
118 employee's salary shall be set at a rate which is five percent (5%) higher than the rate

received immediately prior to promotion. The Appointing Authority may approve up to a twenty percent (20%) salary adjustment when such action is needed to attract experienced, qualified candidates for a position. Such salary determination shall take into consideration the nature and magnitude of the accretion of duties and responsibilities resulting from the promotion. However, no employee shall be paid less than the minimum rate nor more than the maximum rate for the new class of position, except as otherwise provided in this chapter.

2. Temporary Promotions. Promotions of employees regardless of status, made for a limited duration, shall result in a salary adjustment as in paragraph A. 1 of this section. Upon expiration of the temporary promotion, the employee shall be returned to his/her former rate of pay, adjusted by any increases the employee may have received in the absence of the temporary promotion.

In no case shall the employee's salary be above the maximum of the salary range.

B. Demotion. This shall be defined as a change of an employee to a position of one class to a position of another class which has a lower pay grade.

1. If an employee accepts a voluntary demotion, his or her rate of pay shall be reduced to a rate within the range for the new position. The appointing authority may approve up to a ten percent (10%) salary decrease upon demotion. However, no employee shall be paid less than the minimum nor more than the maximum rate for the new class of position.

C. Reallocation.

139 1. The salary of an employee which is in excess of the maximum of the range
140 prescribed by this chapter for the class and grade to which his or her position has been
141 allocated or may be reallocated shall not be reduced by reason of the new salary range and grade.
142 The salary of such employee shall not be increased so long as he or she
143 remains in the class of position, except as otherwise provided by this chapter.

144 2. If the employee's position is reallocated to class in a lower pay grade and the
145 rate of pay for the previous position is within the salary range of the new position, his or her
146 salary shall remain unchanged.

147 3. The salary of an employee whose position is allocated to a class in a higher pay
148 grade shall be determined in accordance with the provisions of this subsection A. 1 of this
149 section relating to salary advancement on promotion.

150 D. Transfer. The salary rate of an employee who transfers to a different position in the
151 same class, or from a position in one class to a position in another class in the same pay grade,
152 regardless of pay schedule, shall remain unchanged, provided that no employee shall be paid less
153 than the minimum rate nor more than the maximum rate for the new class of position.

154 **SECTION SEVEN: Salary adjustment.**

155 A. A decrease in the salary range for poor performance of the duties of the position or for job
156 performance which does not warrant continued pay at an advanced rate in the salary range shall
157 be made in accordance with standards established by the appointing authority.

1. Exceptional Performance of Duties. The appointing authority of an employee who demonstrates exceptional performance of duties or outstanding qualifications may advance the employee, by not more than ten percent (10%) after twenty-six (26) weeks of employment at a rate in the salary range which may be in addition to any merit increase received.

2. Substandard Performance of Duties. The appointing authority of an employee whose level of performance is significantly diminished and no longer warrants payment at the current rate within the range may be decreased to a lower rate in the salary range.

B. The pay of any employee may be decreased as a disciplinary action by an appointing authority to a lower rate or step within a salary range. The decrease shall not be greater than fifteen (15%) percent of the employee's current salary rate. In no case shall the decrease be below the minimum of the pay range for the class. The appointing authority may determine that the pay decrease shall be effective for a specific number of bi-weekly pay periods, providing, however, that such decrease shall not be effective for more than twenty six (26) weeks.

C. The appointing authority may establish procedures for the review and approval of within-range salary adjustments to correct or mitigate serious and demonstrable internal pay inequities. Salary adjustment under this provision shall preclude adjustments to compensate or reward employees for long-term or meritorious service.

D. The appointing authority may approve a within range salary adjustment or other incentives to retain employees in positions that are difficult to fill, or because of their unique requirements. Said adjustment may only be granted once during a twenty-six (26) week period.

E. For the purpose of computing earnings and length of service for salary advancement, the time shall start with the Sunday preceding all appointments effective on Monday. Absence from service as a result of vacation, sick leave, jury/witness leave, suspension, non-paid absence, leave of absence for service in the armed forces, and leaves of absence for study to improve performance of a City job will not interrupt continuous service. Absence from service for any other cause except as set forth above will result in breaking continuity of service.

SECTION EIGHT: Income sources.

Any salary paid to an employee in the City service shall represent the total remuneration for the employee, excepting reimbursements for official travel and other payments specifically special services. No employee shall receive remuneration from the City in addition to the salary authorized in this chapter for services rendered by the employee in the discharge of the employee's ordinary duties, of additional duties which may be imposed upon the employee, or of duties which the employee may undertake or volunteer to perform.

Whenever an employee not on an approved paid leave works for a period less than the regularly established number of hours a day, days a week, or days bi-weekly, the amount paid shall be proportionate to the hours in the employee's normal work week and the bi-weekly rate for the employee's position. The payment of a separate salary for actual hours worked from two or more departments, divisions, or other units of the City for duties performed for each of such agencies is permissible if the total salary received from these agencies is not in excess of the maximum rate of pay for the class.

SECTION NINE: Conversion.

All pay schedules in Section 4.36.020 shall continue in effect until the beginning of the bi-weekly pay period starting concurrently with or after the effective date of this chapter, and then the rates will be adjusted as follows:

1. The rates shall be adjusted in accordance with the minimum and maximum bi-weekly rates of pay and within the Matrix.

2. No employee shall be reduced in salary by reason of the adoption of the new pay schedules in this chapter.

3. All pay schedules established in Ordinance Number 71968 shall continue in effect until the beginning of the bi-weekly pay period effective upon passage of this chapter.

4. Based upon the service rating of an employee together with the standards of performance established by the Sheriff shall determine eligibility for an annual one step within pay range (merit) increase; or at the discretion of the Sheriff of an increase of more than one step by not more than ten percent (10%) or to the closest step in the pay range which provides not more than a ten percent (10%) increase for exceptional performance of duties. Any such pay increases shall be adjusted by the employee's anniversary date.

The compensation of the Sheriff in a city not within a county may be annually increased by an amount equal to the annual salary adjustment for employees of such a city as approved by the board of alderman of such city and in accordance with Section 57.550, Revised Statutes of Missouri.

SECTION TEN: Changes to pay plan.

219 Whenever the appointing authority finds it necessary to add a new class to the pay plan, the
220 appointing authority shall allocate the class to an appropriate grade and schedule in this chapter,
221 and notify the Board of Aldermen of this action.

222 Whenever the appointing authority finds it necessary to change the pay schedule of an existing
223 class within the pay plan, the appointing authority shall allocate the class to the appropriate
224 schedule in this chapter, and notify the Board of Aldermen of this action.

225 Whenever the police department receives an adjustment to pay, the same percentage increase
226 shall be made to the Sheriff's Office pay plan for equivalent rank, and Comptroller shall fund the
227 increase.

228 **SECTION ELEVEN: Military leave.**

229 The City of St. Louis will follow all applicable state and federal laws on the granting of military
230 leave and reemployment rights. Before military leave without pay is authorized, the employee
231 shall present to the employee's appointing authority evidence of such military service. Upon the
232 expiration of military leave of absence, the employee shall be reinstated to the class of position
233 he/she occupied at the time the leave was granted without breaking continuity of service. Failure
234 of an employee to report for duty within the time pursuant to state or federal law shall be just
235 cause for dismissal. The employee's accumulated leave balance(s) shall be restored to the
236 employee upon his/her return.

237 **SECTION TWELVE: Leave of absence and family/medical leave.**

Employees may request a leave of absence for any reason under the leave policy, or may be eligible for a "family/medical leave of absence" for certain qualifying reasons under provisions of the federal "Family and Medical Leave Act of 1993" as provided in this chapter.

1. An appointing authority, may grant an employee in a competitive position a general leave of absence with pay for a period not to exceed six (6) months, and an additional general leave of absence without pay for a period not to exceed six (6) additional months thereafter, whenever such leave is considered to be in the best interest of the City service.

Such non-paid leaves are granted at the discretion of the appointing authority and may be for any reason including an employee's personal illness when the circumstances do not qualify for family/medical leave, or when eligibility for family/medical leave has been exhausted.

Upon the expiration of such leave of absence, the employee shall be reinstated to the competitive position he or she occupied at the time the leave was granted provided he or she is able to perform the duties of the position. The employee shall be reinstated to the position at the same relative rate in the salary range the employee occupied at the time the leave was initiated. Failure of an employee to report for duty promptly at the expiration of the leave shall be just cause for dismissal. If necessary to the efficient conduct of the business of the City, an employee on leave other than military leave or qualifying family/medical leave may be notified by the appointing authority to return prior to the expiration of such leave. Failure of the employee to return within ten (10) days after receipt of such notice would terminate his/her leave of absence and be just cause for dismissal, subject to any applicable federal, state or local regulations.

2. The federal "Family and Medical Leave Act of 1993" entitles eligible employees to up to 12 weeks of unpaid leave in any 12-month period for the birth, adoption or placement of a child, to care for a spouse or an immediate family member with a serious health condition, or when the employee is unable to work because of a serious health condition. While an employee is on a qualifying family/medical leave of absence, the City of St. Louis will continue to pay the employee's health care premiums, if any, during the leave period. Once the leave is concluded, the employee shall be reinstated to the same or an equivalent job. The appointing authority shall establish additional rules, guidelines and procedures for the effective administration of the "Family/Medical Leave Policy." The policy shall comply with all provisions of the "Family/Medical Leave Act of 1993" and any amendments thereafter.

3. Employees who are granted general leaves of absence and other non-paid leaves of absence, except family/medical leaves of absence, must take all accrued vacation and authorized sick leave at the start of the leave of absence. Employees who are granted a non-paid leave of absence will not accrue vacation or sick leave during the period of non-paid leave. Upon the expiration of such leaves of absence, the employee shall follow the procedures as established in this section and any other applicable regulations and procedures as established by the appointing authority.

4. An appointing authority, may place an employee on investigative leave of absence without pay pending the outcome of criminal charges pending against the employee.

SECTION THIRTEEN: Holidays.

278 The Sheriff shall grant holiday leave with pay, holiday pay, or compensatory holiday time off in
279 lieu of pay to employees working full-time who are paid a bi-weekly rate on the following days:

280

281

Date	Holiday
January 1	New Year's Day
Third Monday in January	Dr. Martin Luther King's Birthday
February 12	Lincoln's Birthday
Third Monday in February	President's Day
May 8	Truman's Birthday
Last Monday in May	Memorial Day
June 19	Juneteenth
July 4	Independence Day
First Monday in September	Labor Day
October 8	Columbus Day
November 11	Veterans' Day
Fourth Thursday in November	Thanksgiving Day
December 25	Christmas Day

282

283 Employees working full-time and paid a bi-weekly rate whose pay is established in this chapter
284 shall receive leave with pay, pay or compensatory time off in lieu of pay as holiday
285 compensation in an amount that is proportionate to the number of hours the employee is
286 regularly scheduled to work in a day or shift. For example, employees working an average of
287 forty (40) hours a week, five (5) days a week, eight (8) hours a day shall receive eight (8) hours
288 of compensation for the holiday; employees working an average of forty (40) hours a week, four
289 (4) days a week, ten (10) hours a day shall receive ten (10) hours of compensation for the
290 holiday.

291 When the day of observance of a holiday is changed by State or Federal law, it will be so
292 observed by the City of St. Louis. When the day of observance of a holiday is changed by State
293 or Federal executive action, the Mayor shall determine the day of observance by the City of St.
294 Louis. When one of the above enumerated holidays occurs on Sunday, the following Monday
295 shall be observed as the holiday. When one of the above holidays occurs on Saturday, the
296 preceding Friday shall be observed as the holiday.

297 The Sheriff shall determine the manner of granting holidays. When full-time employees are
298 required to work on a holiday they shall be entitled to compensation for the holiday and the
299 hours actually worked. Compensation for the holiday shall be in an amount proportionate to the
300 number of hours an employee is regularly scheduled to work in a day or shift.

301 Except as otherwise provided in this section, when a City holiday falls on an employee's
302 regularly scheduled day off, the employee shall be entitled to have compensatory time added to
303 his/her balance in an amount proportionate to the number of hours regularly scheduled in a day

304 or shift.

305 The holiday compensation procedures established by this section shall apply to full-time
306 employees paid a bi-weekly rate. Part-time bi-weekly paid employees shall be compensated for
307 holidays in proportion to the percentage of time they are regularly scheduled to work.

308 Employees paid on an hourly or per performance basis shall not be entitled to holiday
309 compensation. In the event that the holiday schedule established in this section is revised,
310 employees who are granted compensatory time in lieu of all holidays shall have their leave
311 benefits adjusted accordingly.

312 **SECTION FOURTEEN: Jury and witness leave.**

313 1. Jury leave with pay shall be granted to bi-weekly paid employees working one-half (50%)
314 time or more for such time when such employees are serving as jurors pursuant to order of the
315 St. Louis Circuit Court or Federal District Court in St. Louis. Any bi-weekly paid employee,
316 when so summoned for jury service, shall report such fact within seventy-two (72) hours to
317 his/her appointing authority and display to the appointing authority the summons which the
318 employee has received and shall give the appointing authority in writing the date and the time of
319 such jury service. No bi-weekly paid employee shall receive any compensation from the Jury
320 Commissioner or the Federal District Court system for jury service for days the employee
321 receives compensation from the City. A bi-weekly paid employee may keep the jury stipend for
322 days when the employee receives no compensation from the City (off days, docks, leaves, etc.)
323 Upon being excused from serving as a juror by the Court or the Jury Commissioner, the
324 employee shall report forthwith to his/her appointing authority and shall submit to his/her

325 appointing authority a written statement from the Jury Commissioner certifying that the
326 employee has served as a juror and the time and date so served. The appointing authority shall,
327 upon receipt of the statement of jury service, credit the employee with paid jury leave for such
328 service.

329 2. Leave with pay shall be granted to bi-weekly paid employees for such time when the
330 employee's presence is required by the prosecutor as a part of a grand jury procedure, a trial in
331 prosecuting accused criminals (or for jury service in Federal Court). Any bi-weekly paid
332 employee, when so subpoenaed as a prosecution witness or whose presence is required as a part
333 of a grand jury inquiry, shall report such fact within seventy-two (72) hours to his/her appointing
334 authority and shall give the appointing authority in writing the date and time his/her presence is
335 required for such criminal prosecution. Each appointing authority shall establish controls to
336 assure that any paid leave is actually required by the prosecuting authority. An appointing
