The King Louis Square Apartments Project is located generally at 1522 S. 13th Street in the Peabody Darst Webbe Neighborhood. It is a mixed-income multifamily development comprised of 45 apartment buildings and has been in operation for 20 years. It has a total of 152 units: 40 one-bedroom units, 90 two-bedroom units, 20 three-bedroom units, and 2 four-bedroom units.

After renovation the number of affordable units will increase with 70% of the units for households at or below 60% AMI as LIHTC units. Market rate units will be 30% of the project. Of the LIHTC units, 36 will be converted from public housing units to RAD (rental assistance demonstration program through HUD).

Of these, 23 will be set aside for households at or below 30% AMI and will qualify for HOME ARP funds. In conjunction with Fox Grove Management, the general partner will work with Gateway 180, St. Patrick's Center, and the Veteran's Community Project to prioritize these 23 units for families who are transitioning out of homelessness, who are at-risk of homelessness, and who are fleeing domestic violence. Depending upon the occupancy of these units at the time of renovation, the first occupants of the HOME ARP units will be returning residents whose household income is at or below 30% AMI.

Renovations will include updated kitchens and baths; flooring and paint where needed; upgraded HVAC systems; updated EnergyStar light fixtures; new WaterSense plumbing fixtures; updated roofing; decking updates; and weatherization improvements. The average amount to be spent per unit is \$86,545.

There is a relocation plan in place for this project. The current occupancy rate is 92%. They anticipate having enough vacancy to "hotel" existing tenants when construction starts where applicable. They do not anticipate any off-site relocations during this time.
