

**RESOLUTION NO. 26-LRA-103
PRESENTED TO THE BOARD May 27, 2026**

TO: LAND REUTILIZATION AUTHORITY OF THE CITY OF ST. LOUIS, MISSOURI
BOARD OF COMMISSIONERS
STEPHEN WESTBROOKS, EXECUTIVE DIRECTOR

FROM: SHELTON ANDERSON - DIRECTOR OF REAL ESTATE

RE: RESOLUTION AUTHORIZING CHANGE ORDERS AND ASSOCIATED INCREASE IN
TOTAL AMOUNT TO AN AGREEMENT FOR STRUCTURAL REPAIR AND RELATED
WORK AT 4067 SAINT LOUIS AVENUE.

EXECUTIVE SUMMARY:

This resolution authorizes several change orders to an agreement with Gateway Construction Services for structural repair and related work at 4067 Saint Louis Avenue. This brings the total contract not-to-exceed price to \$298,357.55. Funds are available from Economic Development Sales Tax revenue (Eco-Devo Funds) through Ordinance 71505, passed through the City of St. Louis Community Development Administration.

BACKGROUND:

On March 1st, 2023, an intergovernmental agreement was made by and among the City of St. Louis by and through the Community Development Administration (CDA) and the Land Reutilization Authority of the City of St. Louis, Missouri (LRA), for the purposes of documenting the pass-through of certain Eco-Devo Funds from CDA to LRA to assist neighborhood revitalization projects. The City's FY23 budget (Ordinance 71505) allocated \$1,000,000 to CDA from the Eco-Devo Funds for the purposes of Stabilization of LRA National Register eligible buildings. Properties selected for program funds have some form of significance as identified by residents, neighborhoods, community partners, community development corporations and/or economic development practitioners. 4067 St. Louis Ave. meets the program's criteria.

On March 26, 2025, LRA approved Resolution 25-LRA-059 authorizing entering into an agreement with Gateway Construction for Structural Repair and Related Work at 4067 St. Louis Ave., otherwise known as Sara Lou Café. Stabilization work and structural repair is underway, but a series of additional scopes of work have been uncovered that are needed to fully repair the structure for future redevelopment. Tuckpointing, installation of a basement floor drain with tie into the sewer system, asbestos disposal, and an increase in steel fabrication costs are contribute to the increase in price. The engineer retained by LRA for this project, Civil Design Inc., has concurred the change orders sought are not in the original scope of work and are important and necessary additions to see the project completed. The four change orders total of \$101,886.55. Adding those to the original contract of \$196,471.00, this would bring the total contracted work to a not-to-exceed amount of \$298,357.55.

The funding source will be Eco-Devo Funds and/or ARPA funds for the stabilization of this LRA building in a historical district.

REQUESTED ACTION:

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THIS LAND REUTILIZATION AUTHORITY OF THE CITY OF ST. LOUIS, MISSOURI, THAT:

1. The Board of Commissioners of the Land Reutilization Authority of the City of St. Louis, Missouri hereby approves this Resolution and authorizes an increase of \$101,886.55 to the agreement with Gateway Construction Services for structural repair and related work at 4067 Saint Louis Avenue, bringing the total not-to-exceed price to \$298,357.55. The final form of any amendment to the agreement between LRA and Gateway Construction Services consistent with this Resolution may be approved by the Executive Director, and his signature, whether manual or facsimile, shall be conclusive evidence of approval by the Authority.
2. The actions of the Executive Director, his designee(s), officials, agents and employees of LRA heretofore taken in connection with the transaction contemplated by this Resolution are hereby ratified and confirmed, and the Executive Director, his designee(s), such officials, agents and employees are hereby authorized to take such further action and execute and deliver such other documents and instruments as may be necessary or desirable to carry out and comply with the intent of this Resolution, and to carry out, comply with and perform the duties of LRA with respect to the transaction.
3. This Resolution shall take effect and be in full force immediately after its passage and approval by the governing body of LRA.

ADOPTED this May 27, 2026.
