Mayor's Office
Room 200 City Hall
St. Louis, MO

Dear Honorable Members:

We request your review and approval on the enclosed rate increase request between the City of St. Louis and CF Forest Park Arcis LLC, Probststein Golf Course. Arcis is requesting a nominal rate increase (maximum of \$2.00 with some at \$1.00) due to expenses caused by the May 16th 2025 tornado. It is also important to note that American Golf, Eagle and Arcis Golf have never requested to use this lease clause since the Probststein Course and Clubhouse was rebuilt in 2002. They are not seeking any increase in the rates at the Highlands Golf Course and no increase to any of the previously approved Senior Rates. In addition, Probststein's rates are lower than their competitor rates in the area and many of them have limited senior rates with restrictions and many do not offer 9-hole rates.

The Department of Parks, Recreation & Forestry is definitely in support of this increase. We are hereby seeking your approval of this increase.

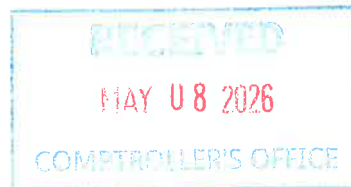

Vendor:	CF Forest Park Arcis, Probststein Golf Course
Federal ID:	46-5704258

Term:	4.1.26-3.31.31

Your favorable review and consideration of this rate increase request is greatly appreciated. If you have any questions, please contact Kara Hine at (314) 289-5387.

Director, Parks Recreation & Forestry

Dear Greg,

I am writing to you today to request an unscheduled fee increase at the Probststein Course in Forest Park that we would like to make effective June 1. Arcis is making this request under the existing lease (page 18, Section 24 & Exhibit E), and it appears to require your approval and the Board of E&A's approval. American Golf, Eagle, and Arcis Golf have never asked to use this clause since the Probststein Course & Clubhouse was rebuilt in 2002. We have always relied on the average two-year CPI index clause in the lease to slowly move our rates up over the years. We are not seeking any change in the rates at the Highlands.

Unfortunately, the 2025 spring tornado seriously damaged the Golf Course & Clubhouse. We recognize that our partnership with the City played a significant part in the property's recovery and that repairs and improvements are ongoing, with both parties making contributions toward total renovation. That said, thus far Arcis' insurance claim exceeds \$6.5M, plus our deductibles, out-of-pocket expenses, overtime, etc. This number will increase. With your assistance, we acted very quickly, outsourcing a tree company with 40 individuals on site that handled this type of storm damage. We got back open in 22 days. Further, we are experiencing rapidly increasing costs, with gas, oil, fertilizer, and chemical costs skyrocketing literally overnight.

In early 2026, we replaced our existing cart fleet, and in April we will bring in a new seasonal cart fleet, mainly because of damage from the tornado cleanup and impact from cart paths, debris, etc. That changeover will cost roughly \$1.2M over the next 4–5 years. Arcis continues to invest in our leadership team, operationally and with capital dollars, in the Probststein property to provide a great guest experience for the residents and the community at large.

There are no requested increases to any of the approved Senior Rates.

All Approved 18-hole Walking Rates go up \$2.00

All Approved Nine Hole Walking Rates increase \$1.00

18 Hole Full Cart Fees go up \$2.00; 9 Hole Cart Fees go up \$1.00 a round

- 18 Hole Weekday Walking (M- TH) \$2.00
- 18 Hole Weekday Friday Walking Rate \$2.00
(Was added w/ permission - Started in Covid w/ new Channel View Tee time system)
- 18 Hole Weekend Walking Rate \$2.00
- 9 Hole Weekday Walking (M to F) Rate \$1.00
- 9 Hole Weekend Walking Rate \$1.00

- 18 Hole Full Cart Fee \$2.00 (2 People)
- 9 Hole Full Cart Fee \$1.00 (2 People)

Again, at this time we are not requesting any changes in the Senior Rates

- 18 Hole Sr Weekday Walking (M to F) : No Rate Change \$24.50
- 9 Hole Senior (M to F) No Rate Change @ \$15.75
- Sr Full Cart Fee (2 people) No Rate Change \$18.25 (Half Cart \$9.12)

Attached, please find comparable rates for the market identifying our main competitors. Please note that Probst's rates are lower than all of our competitors', and many of them have limited senior rates with restrictions, and many do not offer 9-hole rates. In addition, the new Nicklaus course will be coming online this summer, built on the site of Normandie Park GC, and will likely be priced higher than us but of significant quality to compete for similar business.

We are happy to meet to discuss these issues and explain our reasoning behind them. We value our partnership and appreciate your consideration.

My Best,

After 2005, rate increases would be based upon the average increase in the CPI over each two year period, rounded up to the nearest quarter. Rates could be raised in 2007, 2009, 2011 and so on ... based on the two year CPI formula. Any other green fee or cart fee increase would need the approval of the Director and the Board of E & A.
